FILE COPY

Mr. Niels B. Haubold  
Manager of Mines  
Umetco Minerals Corporation  
P.O. Box 1029  
Grand Junction, Colorado 81502

Dear Mr. Haubold:

Re: Mine Plan Amendment, Request of As-built Plans, Wilson-Silverbell Mine, Mine Discharge Water Treatment Facility, ACT/037/027, San Juan County, Utah

This Division recently received a copy of a letter from the State Department of Health, Division of Environmental Health, which indicated that Umetco Minerals was modifying the water treatment facilities at the mine site referenced above. Because this change will likely constitute a change in the previously approved mine plan on file with our office, we request a copy of the approved as-built designs for the new treatment facilities. These plans will be used to update the mining and reclamation plan currently on file.

In the future, please provide us with advance notice of necessary mine plan changes before they are implemented. This will allow the Division to assess the plans for compliance with the State of Utah Mined Land Reclamation Act and applicable regulations. Should you have questions or require additional information, please contact me or Wayne Hedberg of the permitting staff.

Sincerely,

*L. P. Braxton*
